MAY INCREASE FORCE

Merchants Permitted to Employ Extra Help for Christmas Rush.

The Pennsylvania Council of National Defense is authorized to announce on behalf of the National Council that there has been a change in the agreement whereby merchants are not to increase their working force for the holiday season over the average force employed throughout the year.

The new arrangement is that merchants may employ a force for the Christmas season equal to the number employed at any time during November, 1917, in case that number is in excess of the average force employed throughout the year.

The council is also urging the importance of early Christmas shopping.

W. Rosenberg of Uniontown, now in the military service in France.

ALL CLASS 1 MEN BETWEEN 18 AND 36 TO BE EXAMINED

Local Boards So Interpret Order Received From Harrisburg.

ABOVE 36 NOT AFFECTED

Questionnaires May Be Returned Unexecuted and No Delinquency Will Exist Local Board 3 Has Completed Its Work; Blanks Being Returned.

According to orders received by local draft boards for both districts Nos. 2 and 5, all men in Class 1, September 12 registration, will be given a physical examination. These examinations will take place as soon as possible. A telegram received by both boards yesterday says that questionnaires must be mailed to classification completed and examinations made of all class 1 registrants between the ages of 18 and 36 inclusive.

The order further says that if questionnaires were mailed to registrants over 37 years of age they may be returned unexecuted. No delinquency will exist for failure to return questionnaires by registrants over 37 years.

Local Board for District No. 5 has about completed the examination of the registrants between 18 and 36 years inclusive. But Local Board No. 2 had only started the examinations when the influenza epidemic broke out.

Now that the examining physicians have more time and the ban prohibiting gatherings has been lifted, it will be possible to continue the physical tests.

Local Board for District No. 5 has had most of the questionnaires sent out to the September 12 registrants returned.

SALE OF LIQUOR TO SOLDIERS IS STILL FORBIDDEN

Governor Brumbaugh Calls on People of State Also to Observe Safeguards.

Major John Duggan has received a telegram from Governor Martin G. Brumbaugh, informing him of instructions issued by Secretary of War Baker, that no liquor be sold to soldiers, even though an armistice has been signed, and that the responsibility of civil authorities in communities for protection of soldiers has in no way lessened.

The telegram from Secretary of War Baker to Governor Brumbaugh has been sent out to the mayors of all the cities and towns in Pennsylvania. The telegram follows: "Signing of the armistice in no way lessens the responsibility of civil communities for protection of soldiers from prostitution and sale of liquor. Our states and cities ought never to lose control which has been established or snap so vital a work."

"The governor proposes to leave no measure unused in repression of these evils from now until demobilization is fully accomplished. The War Department is determined to return soldiers to their families and to civil life uncontaminated by disease. Laxities in your state after so much has been done would be a disaster to our soldiers and their families. I am telegraphing the mayors of the largest cities of your state. You are requested to telegraph this message verbatim to mayors of all cities and towns therein."

SCARF APPRECIATED

Aged Mrs. Mary Dunlop Receives Letter From Lieut. Gaither.

Mrs. Mary Dunlop of North Pittsburg street, is in receipt of a letter from Lieutenant John W. Gaither of the Sanitary Corps, Evacuation Hospital No. 26, thanking her for a scarf which she knit and was received by him through the Red Cross. The letter is as follows:

"My Dear Mrs. Dunlop:—It was my privilege to receive the scarf you knit for the Red Cross. The boys overseas appreciate very much the home knitted goods. I thank you personally for the fine scarf. It will be most comfortable. We are almost across the ocean now and I hope we shall soon see land."

Mrs. Dunlop is 87 years old and is doing her bit by knitting for the soldiers and sailors.

Enters Hospital.

PAUL WAGONER TELLS OF CHASING RABBITS AND LATER THE BOCHE

West Sider in 390th Infantry Saw Ray McCormick and Sergeant William Edie.

Reference to a "rabbit hunt" by members of Company H, 390th Infantry, after it charged over the top after the Boche in a recent battle is made by Paul G. Wagoner of that command in a letter to his parents. Mr. and Mrs. A. E. Wagoner, of the West Side, "I suppose the Pittsburgh papers told you all about it," he says. "I can add nothing as the censor will not permit it, only that at the start we chased rabbits for a while. But it was not long until we found the Boche and gave them a run for their lives, capturing some and driving the others ahead until we reached our objective. As for me, I was running for our first lieutenant. Our captain used the best kind of judgment in advancing, taking good care of his men. I am thankful to be in this company and also that I am able to write. After coming back to the support line we received plenty of mail, including a letter from Rev. Proudfit which was surely appreciated."

"Will you tell Street Commissioner William McCormick that I was talking to his son, Ray, and that Monroe Marietta walked 10 miles to see him. He told me to tell you about seeing him. Today I saw Sergeant William Edie at the field hospital."

The letter was dated October 15.

COURSE OPENS TONIGHT

John B. Ratto First to Appear on the Entertainment Course.

The seat sale for the high school entertainment course continued good today. Much of the space on the lower floor has been taken but there are still plenty of good seats available.

The first rush for seats is now over, but there are still many calls for reservations.

Tonight the first of the nine numbers on the lecture course will be presented when John B. Ratto, impersonator, will appear. All the entertainments are secured through the Redpath Lyceum bureau, which insures their high standard.

WOODS SET AFIRE

Flames Sweep Several Tracts Near South Connellsville.

Forest fires raged in several places to the east of South Connellsville last evening, all evidently having been intentionally started. In three places along the road over the mountain toward Casparis there were indications that a match had been applied. All fires were working away from the road.

A fourth blaze was sweeping over the hill between the old Hampshire place and the river.

SHORTENING OF SCHOOL TERM IS BEING AGITATED

Movement Afoot in the County Because of Influenza Epidemic.

NORTH UNION HARD HIT

Resumption of Sessions There Will Hardly Be Possible Before the Holidays, Says Statement by Supervising Principal Thomas H. Means.

Appeal to the state legislature to shorten the length of the school term for 1918-19 is likely to be made from Fayette county because of the epidemic of influenza which is interfering in a number of boroughs and townships with the reopening of the term, closed when the malady began to spread.

Intimation that a movement with this in view is afoot was made today in connection with a statement that it is probable the schools of North Union township will not resume sessions until after the Christmas holidays. The announcement was made by Supervising Principal Thomas H. Means because of the prevalence of influenza and the large number of deaths at Mount Draddock, Percy and Lemont.

If the school term be continued until the time lost is made up it will connect up with or extend into the 1919-1920 term in North Union, should it be found impossible to resume before Christmas. In other parts of the county schools are being delayed by recurrence of the disease.

Connellsville lost a month because of the closing order of the board of health, following the ban by the state department of health on motion picture theaters and saloons. The same was true of many other districts.

The school board of Bullskin township has voted to indefinitely postpone reopening of the schools.

R. & O. TO RESUME USE OF PITTSBURG STATION FOR IMPORTANT TRAINS

Plan Adopted by Railroad Administration of Using P. & L. E. Trucks Is Proving Too Costly.

Beginning Sunday, November 24, the Baltimore & Ohio railroad will again make use of its water street station in Pittsburgh for the arrival and departure of trains Nos. 5, 6, 7 and 8, instead of the Pittsburgh & Lake Erie station on the Southside, as at present.

About three months ago the Railroad Administration in line with its policy of consolidation of railroad facilities, routed these Baltimore & Ohio through trains between Braddock and New Castle Junction via the Pittsburgh & Lake Erie.

Just why decision was made to annul this arrangement is not given officially. It was suggested yesterday that the expense of operation was too heavy, a point overlooked when the plan was issued to operate the Baltimore & Ohio trains over the Pittsburgh & Lake Erie tracks. The Baltimore & Ohio had to pay for the use of the Pittsburgh & Lake Erie facilities, this expense, it said, proving very costly.

The Baltimore & Ohio will announce a new passenger train schedule, effective November 24. Some few changes will be made, it was stated yesterday, but nothing radical is contemplated.

NEW YORK SAW THEM

Remainder of Country Could Not Hear of Steamers' Arrivals.

NEW YORK, Nov. 15.—Arrived: Steamer Melita, British, Liverpool, November 6, with passengers, mail and cargo.

The arrival of transports bearing invalid soldiers has been a frequent sight in the harbor since American troops got into action in France but this is the first time that it has been permitted to publish such an event owing to the voluntary censorship which yesterday was removed.

VON MACKENSEN'S ARMY IN RUMANIA HAS CAST ITS LOT WITH THE REVOLUTIONISTS

GERMAN U-BOAT CREWS VOTE TO OPPOSE REBELS

News is Carried in Dispatch Transmitted By Way of Budapest.

By Associated Press.
LONDON, Nov. 15.—The crews of the German U-boats at a mass meeting at Brunschatel, according to a Copenhagen dispatch to the Daily Express, resolved to oppose the revolution and re-instate the officers. They decided to fly the national flag instead of the red flag.

PARIS, Nov. 15.—The naval terms of the German and Austrian armistices are being carried out rapidly.

NOW THAT WAR IS OVER YANKS TIRE OF LIFE IN ARMY

War Department Somewhat Perturbed Over Lowering of Morale in the Home Camps.

By Associated Press.
WASHINGTON, Nov. 15.—Cessation of hostilities in Europe and disappearance of the prospect of meeting the enemy on the battlefield has brought an immediate loss of morale among the American troops at home that is regarded at the War Department as somewhat alarming.

Reports from all divisions on November 11, the date of the armistice, without exception contained glowing references to the high spirit of the men and to their evident desire for early embarkation. Upon news that the armistice had been signed the general attitude of the individual soldier is said to have undergone a marked change.

More serious are reports by some commanding officers that they men are exhibiting a tendency to view themselves as already released from the strict routine of the camps. Hundreds of cases are listed of men who have been granted the usual 36 hour week and leave failed to return to camp on time.

PEACE TREATY WILL PROBABLY BE SIGNED UP AT VERSAILLES

Real Work of Sessions of Inter-Alleed Conference, However, Will Be in Paris.

By Associated Press.
PARIS, Nov. 15.—Versailles, although not formally chosen as the meeting place of the peace negotiations, is regarded as almost certain to be the place selected for the conference when the Inter-Alleed council resumes today.

The real work of the negotiations will be carried on in Paris, where it is probable that delegations from all the countries will reside temporarily, the members going on to Versailles now and then for plenary sessions of the conference.

There is also little doubt that the supreme act of signing the peace agreement will take place at Versailles in the same historical hall where the German empire was proclaimed in 1871.

WHOLESALE DISCHARGE OF SOLDIERS IS STOPPED

WASHINGTON, Nov. 15.—More than 10,000 requests for discharges from military service already had been received from soldiers in training in this country and their relatives at the adjutant general's office when action on all requests was preemptively stopped by an order issued today by Secretary Baker.

This order clamped down on the immediate discharge of officers and enlisted men unless the discharge of the individual is required by reason of financial distress of his dependents.

GERMANS STILL AT "FOOL PEOPLE" GAME

COPENHAGEN, Nov. 15.—The Peltiken quotes the British military attache here, Colonel Wade, as saying in an interview that the Germans in publishing the terms of the armistice omitted six or seven articles, including that relating to the Allied provisions for food if necessary.

MANY KILLED IN FIGHTING IN BRUSSELS

PROHIBITION ACTION

Is Expected to be Taken by Congress Shortly; May be Agreement.

WASHINGTON, Nov. 15.—There is a chance now that the prohibition amendment to the food stimulation bill, and the bill itself, may be acted on by Congress at an early date. Signs of an agreement among the conferees over profiteering amendments are appearing. Such an agreement will make action on the bill possible at once.

A suggestion was made at one time that the food bill would not be needed for next year and might be dropped, now that the war is over. The contrary now seems to be the purpose.

Should prohibition be delayed the forces backing the amendment will take steps early in the short session. It is said to demand a passage of the measure in separate form at once.

A bill introduced by Representative Darkeley of Kentucky, might make quick work of the issue.

COL. MARSHALL CITED

Uniontown Officer Given Large Credit for Victory at Sedan.

Colonel George C. Marshall, Jr., of Uniontown, a brother-in-law of Dr. John J. Singer of Greensburg, formerly of Connelville, is given major rank by recognition by the army command for planning the attack and following up the initial success which resulted in the capture of Sedan by the American army in the closing days of the war.

Previously Colonel Marshall had been officially commended by the staff for work preparatory to the capture of Cantigny, the first unaided operation of the offensive. Col. Marshall's father, the late George C. Marshall, of Uniontown, was one of Uniontown's pioneer coal and coke men.

DAVID LLOYD.

David Lloyd, 35 years old, a member of the law firm of Lloyd & Arrow-smith of Pittsburgh, and a former resident of North Union township, died Thursday morning in the Presbyterian hospital, Pittsburgh, of influenza pneumonia. Funeral services will be held tonight at 8 o'clock at the residence of Louis C. Groth at Mount Washington, Pa., and on Sunday afternoon at 1 o'clock at West Leisenring.

The interment will be made in Oak Grove cemetery, Uniontown. The deceased was born at West Leisenring, a son of Hugh Lloyd, postmaster at that place. He was graduated from Grove City college in 1907 and later attended the law school of the University of Pittsburgh. At the conclusion of his studies in 1910 he began the practice of law. He also was interested in the oil and gasoline business.

At the time of his death he was president of the Pioneer Gasoline company and a director of the Ensign Oil company. In addition to his father he is survived by a sister, Mrs. Fred Moore, of West Leisenring, and a brother, Hugh Lloyd, Jr., of Uniontown.

MRS. ANN BURNS.

Mrs. Ann Burns, 65 years old, died Wednesday at the home of her daughter, Mrs. P. J. Baker, Munhall, Pa. Funeral services will be held at St. Mary Magdalene church, Homestead, Saturday morning at 9 o'clock. Interment will be in St. Mary's cemetery, Homestead. Besides Mrs. Baker, Mrs. Burns is survived by three daughters, Mrs. Joseph McGrogan, Leisenring No. 1, Mrs. John Lamb, Munhall, and Mrs. Earl Foster, Coraopolis, and two sons, William of Coraopolis, and John of Cleveland, O. Mrs. Burns was well known in and about Leisenring.

ALEXANDER B. SHOENBERGER.

Alexander B. Shoenberger, 61 years old, died Thursday morning at his home in Franklin township following an illness of complication of diseases. He is survived by his widow, Julia H. Shoenberger, and the following children: Mrs. Pearl Bryson, Uniontown; Mrs. Mary Anderson, Youngstown, O.; William H. Shoenberger, in France; and Helen and Henrietta, at home.

LORENZIE JESSE KING.

Lorenzie Jesse King, three-year-old son of Tax Collector L. J. and Mrs. King, died Thursday night at his home at Mount Braddock of influenza.

MRS. MARGUERITA TINACHIALI.

Mrs. Marguerita Tinachiali, 26 years old, of Dunbar, is dead of influenza. Her husband and one son survive.

CECIL MOOREHEAD.

Following an illness of influenza, Cecil Moorehead, 13 years old, of Mount Braddock, died this morning.

RAYMOND ANONE.

Influenza resulted in the death of Raymond Anone, 18 years old, son of Mr. and Mrs. Frank Anone of Dunbar, this morning.

WILLIAM TAYLOR.

William Taylor, about 16 years old, son of Mrs. Taylor of South Con-

nellsville, died Thursday night of influenza. The father, John Taylor, died two weeks ago of the same malady.

MRS. LEVI KIMMEL.

Mrs. Ada Hart Kimmel, 34 years old, a former resident of Springfield township and wife of Levi Kimmel, died this morning of influenza at her home at Hopwood, her husband being located there with a sawmill. She was a daughter of the late George and Nancy Jane Hart and was born and reared in Springfield township. Surviving are the husband and five children: Mrs. Grace Kerns, Reed, Iowa; Alvin, Jane and the baby, at home. The funeral service will be held at the cemetery at Normalville Sunday at 3 o'clock. Undertaker J. E. Sims is in charge of the arrangements.

TIME EXTENDED

During Which Christmas Parcels Can Be Mailed to Soldiers Overseas.

WASHINGTON, Nov. 15.—Extension to November 30 of the time during which Christmas parcels will be accepted for mailing to members of the American Expeditionary Forces in France was announced last night by the postoffice and war departments. The extension was due, it was said, to the fact that the men of several American divisions which were in combat recently have only lately been able to file out the parcel label, without which packages from relatives and friends in this country will not be accepted by the postal authorities.

The postoffice department announced, however, that to insure delivery by Christmas, parcels should be mailed as soon as possible.

The Christmas Parcel committee of Connelville is mailing a copy of this request to all district and auxiliary inspectors in the county, together with a request that they give it the widest publicity.

Every Red Cross committee engaged in the work of inspection will continue to distribute cartons to holders of labels, and to inspect and wrap parcels presented for mailing until November 30.

However, in order to avoid congestion, persons receiving Christmas parcels should present them at one of the distributing stations, secure their carton, pack it and return it to the inspection room at the post-office building, room No. 3, second floor, between the hours of 1:30 and 6, and 7 to 8:30 P. M.

There was a rush at the inspection rooms yesterday afternoon, and the inspector Miss Martha Schmitz and her assistant, Miss Catherine O'Connor, were busy all afternoon. More than a hundred parcels were delivered to the post office for dispatch in last night's mails.

The Westmoreland Grocery company, through the offices of F. E. Koelker, donated a paper cutter and all the wrapping paper necessary to wrap parcels received at the Connelville inspection rooms.

WIFE HAS NEGRO BLOOD

Is Charge of Bellevernon Man in Bringing Divorce Action.

William Wagner of Bellevernon this morning filed a divorce suit in Uniontown charging that his wife fraudulently represented herself to be "pure white" when in reality she is part negro.

Mrs. Wagner was Edith Hartzell, a daughter of Martha Hartzell, whose father, it is alleged, was a negro.

A MOTHER'S STRENGTH

Mother, whose hands rock the cradle, often needs more than ordinary food to help maintain the blood-quality and strength and to assure adequate nourishment to the child. It is as unwise for the mother, as it is dangerous to the child, to place dependence upon alcoholic stimulation, for strength is not found in alcohol.

SCOTT'S EMULSION

of purest cod liver oil, absolutely free from alcohol, is mother's true friend, in that it performs a two-fold duty. Scott's is tonic-nourishment, particularly fitted for the trying period of motherhood.

SCOTT'S EMULSION BUILDS UP STRENGTH.

INTENSIVE DRIVE

For Sale of War Savings Stamps to Be Put on in Western Pennsylvania.

An intensive drive for the sale of War Savings Stamps in Western Pennsylvania was planned at a meeting of the county chairmen in Pittsburgh yesterday. M. H. Bowman of Uniontown, representing Fayette county at the meeting, Federal authorities will enter into the work more energetically and very bank in Western Pennsylvania will be asked to work for the success of the movement.

Approximately \$20,000,000 worth of Thrift Stamps must be sold in Western Pennsylvania before January 1. A great part of this amount must be sold to persons who can afford to purchase stamps in amounts of \$1,000, \$500, \$250 and \$100. It is conceded that women and children have done their full share of the work, and that patriotic men must help to keep the record of 100 per cent success perfect.

Every Red Cross committee engaged in the work of inspection will continue to distribute cartons to holders of labels, and to inspect and wrap parcels presented for mailing until November 30.

However, in order to avoid congestion, persons receiving Christmas parcels should present them at one of the distributing stations, secure their carton, pack it and return it to the inspection room at the post-office building, room No. 3, second floor, between the hours of 1:30 and 6, and 7 to 8:30 P. Special to The Courier.

SCOTSDALE, Nov. 15—Scottsdale
auxiliary, American Red Cross, at the
recent ingathering into the Mount
Pleasant chapter turned in the follow-
ing articles: 60 sheets, 345 pillow
cases, 52 pajamas, five hospital bed
shirts, 237 undershirts, 211 drawers,
14 bath robes, 98 bath towels, 341 face
towels, 12 short length towels, 36 nap-
kins, 16 pairs of bed socks, 150 prop-
erty bags, 25 bedspreads and 18 hard-
kerchiefs. All during the influenza
epidemic the Red Cross ladies have
worked nobly and the town more than
ever appreciates their work.

Three Patients Left.
Only three patients were left in the
emergency hospital yesterday. Up un-
til that time there had been four, and
one of these were discharged. Yester-
day was the second day that Scottsdale
had no deaths since the influenza epi-
demic began. Not a death was re-
ported yesterday or Wednesday.

Shoots Off Big Toe.
John Butser of Owensdale, while
hunting, accidentally shot the big toe
off his right foot. He was taken to
the Memorial hospital at Mount Pleas-
ant.

Personal.

Miss Louise Kerr, a teacher in the
local schools, returned yesterday from
Pittsburg where she visited her moth-
er.

Mrs. E. E. Weddell and Miss Marion
Bambrick spent yesterday in Pitts-
burg. Miss Bambrick will go on to
Houston, Pa., where she will spend
the week end with her school chum,
Miss Mary Russell.

Smithfield.

SMITHFIELD, Nov. 14—Mr. and
Mrs. E. R. O'Neill, of New Salem, who
visited friends here over Sunday, on
their return home Monday were both
stricken with influenza. Mrs. C. J.
Dunn, Mrs. O'Neill's mother, with a
nurse from this place, went there
Tuesday.

A large delegation from Smithfield
attended the jollification over the
downfall of Kaiserism Tuesday night.

The borough schools, with the ex-
ception of the high school, reopened
Monday after being closed three
weeks. The high school was taught
by Mrs. Stroenider, whose husband
was killed in France. The news of his
death prostrated her, so that she was
unable to assume her duties in the
teaching.

Beattie Franks, carrier on R. F. D.
No. 1, was taken ill with influenza at
the office here when he came to take
his mail out Wednesday morning.

Mrs. M. K. Frankenberg, who has
been ill for several months at her
home on Liberty street, became much
worse Wednesday to such an extent
that her daughter, Miss Pauline, as-
sistant postmistress here, had to go
out of the office to take care of her
mother.

OR TO REGRET?Do you have gladness or regret for
the part you had in helping to win the
war?You may not have been of the num-
ber of those fine, vigorous, firm-jur-
posed, eager young men who formed
our army overseas which had so large
a part in subduing the brutal Hun or
of that other army in training in the
cantonments, impatiently awaiting
from day to day the order to go across
and join in the struggle.You may not have served in a con-
spicuous capacity as a member of the
committees which promoted the suc-
cess of the Liberty Loan, Red Cross,
Y M C A, K of C, or other cam-
paigns. You may not have been one
of the Four Minute Men who did so
much to bring the people to a realiza-
tion of their obligations and duties.You may not have been a business or
professional man who was called up-
on to perform the arduous time-con-
suming, thankless task required of
the local draft board. Your name may
never have appeared in the newspa-
pers as having been prominent in any
public affair related to winning the
war. Even your nearest neighbors
may not have known that you did
more than quietly and unostentatiously
go about your duties as a loyal citi-
zen from day to day. But that was
your part. If you did it faithfully
and well you have just cause for pride
as well as reason for being glad.We could not all be soldiers. We
could not all be leaders in the com-
munity activities associated with the
war program but as plain citizens it
was the performance of our plain
duties that counted—counted in the
aggregate no less than did the achieve-
ments of those to whom more public
attention was drawn. It was the sum
of these efforts here and elsewhere
throughout the land that became the
inspiration to great endeavor by our
boys in France who, a sister to quick-
ly and effectively smothered under
the wreck and ruin of the great war ma-
chine the mind of man has never re-
ceived.That this great victory of right over
might has been won is why you can
be glad that you did nothing to en-
courage any physically fit young man
to evade answer to his country's call.
Glad that you bought Liberty Bonds
and War Savings Stamps, glad that
you subscribed to and read active
membership in the Red Cross or Navy
League, glad that you gave willingly
and generously to the Y M C A, the
K of C, and other war work agencies
that you denied yourself, cut down
any pastime, and pleasures and spent
hours and days in making knitted gar-
ments for the soldiers and sailors, hos-
pital garments and supplies and sur-
gical dressings for the sick and wound-
ed in all branches of the service, glad
that you accepted and used wheat
flour substitutes reduced your con-
sumption of sugar, condensed meats
and fats and other foods of which the
Allies and our soldiers had the great-
est need, glad that you stinted your
self and your children in the indul-
gence of what in pre-war times they
and you esteemed necessities and com-
forts but which you found in war time
to be luxuries, glad in fact, that you
forgo yourself by doing yourself in
themselves self-sacrifice service.If you did these things or any of
them if you endured patiently and
uncomplainingly any self denial or de-
privation that was required or de-
manded, you have the unchallengeable
right to account yourself as having
helped win the war. It is therefore
your precious and profitable privilege
to be glad even though the war has
brought you an ineffable sorrow.If you neglected, failed or refused
to meet the obligations others faced
cheerfully and bravely or neglected
failed or refused to avail yourself of
the opportunities others embraced
eagerly in the coming years it will
be your burden to live, as best you
can, the cankerous regret that you do
not have the happy privilege to be
glad for the part you had in winning
the war.That the Hun soldiers are violating
the terms of the armistice by brutality
upon the inhabitants of the countries
through which they are retreating, show-
ing that they really cannot get it
out of their system if such conduct
is persisted in the Allied soldiers can
be depended upon to show that they
have not lost their cunning in remov-
ing the Hun system as a disfigurement
upon the landscape.The army of Thompson lit giants re-
fuse to stay demobilized.King Alfonso of Spain having just
made the discovery that the war is
over regrets the supposition that he may
at one time have been a incongruous
in an ocean.The red flag floating over Germany
is more of a menace to the world's
peace than the eagles of the late im-
perial government.Reconstruction as It
Relates to America

From Manufacturers Record

How little we of this country grasp the magnitude of the horrors inflicted upon France and Belgium and what England, and Serbia and Italy have endured in the great struggle of which we are the beneficiaries may be fairly understood when we remember that 2,000,000 Frenchmen have died in the war and 1,000,000 English soldiers while the number of wounded men has largely exceeded the deaths. As against these fearful figures our actual death losses in France as reported up to date amount to less than 60,000 or only one fortieth as many as the number of French soldiers who have died. What the aggregate loss in death and in invalidism by wounds and by disease which will probably in the aggregate exceed 10,000,000 men or twice as many as the total army which America has been planning.

The awful physical and mental suffering endured by our Allies is beyond all power of the human mind to comprehend, for the sufferings of the men shot to pieces on the battlefields, those blinded and maimed and gassed those who have endured the disease incident to the hardships of the war have in the aggregate been less than the sufferings of the loved ones at home for their mental anguish has exceeded the physical anguish of the soldiers on the battlefields. When to this we add the suffering of the millions driven from their homes and the hundreds of millions who for four years have lived in a state of constant uneasiness, terror and fear we can perchance gain some little perception of the conditions which have prevailed among our Allies.

Upon our Allies we rested for our safety. For three long years they stood between us and the made in Germany hell. Now that the definite destruction of Germany's power has been brought about now that the fearful fall of war is being lifted from the late Private Lloyd Shaw of the 10th Medical Detachment would have willingly endured his imprisonment by the Germans had he only been spared to witness the Americans when they make their triumphant entry into Metz on Sunday.

The demobilization of high priced soldiers who cannot come home quickly to suit a long suffering public.

One of the amazing developments of our near approach to a final peace is the proposal of a member of the Democratic Administration Secretary McAdoo that our taxes be lowered.

McAdoo is preparing to go to France on Sunday. That is a hint for you to prepare for attendance at church as your part in the celebration of this event.

Public Manager Creel having lifted his pen from the newspaper, the next logical step for President Wilson to lift Creel from his money-wasting job.

The Lesson
From Russia

That we should not relax in the slightest degree our efforts to save food is the only conclusion to be reached when we read of the conditions facing a large nation like Russia.

With almost twice the population of the United States Russia has over twice as large a proportion engaged in agriculture as in our own country in peacetime.

Their farmers however have not been able to get any supplies or farm implements since the third year of the war. Ports to the Baltic and Black Sea are closed. The White Sea is closed with ice. Vladivostok is open but it cannot take care of all the necessary supplies, as it is through this port that we must supply allied troops in this section.

What Russia will have to face this winter is not a pleasant prospect. Those inhabitants who depend absolutely upon the agriculturists are bound to be hard put to it for food as the farmers have not even enough for their own use. North and Central Russia depend upon South Russia where the Hun is in full possession and upon Siberia which is cut off by railway disorganization and civil war.

It is inevitable that we must think first of feeding the allied nations. At the same time we must not forget other nations which are suffering. We must do something for them as soon as possible.

With this in mind, can anyone believe that the need for food conservation is not greater than ever before?

WHAT'S THE USE.

The men in power make sad mistakes and we can rant about their blunders until the well known welkin comes but what's the use? The government in awkward shape is feeling largely in the red and we can kick ourselves with crapes but what's the use? Why not assume that every man in power things the best he can? We can doubt the other plan but what's the use? A thousand things we do not do in order of ways we've tried and we can't find a fund like fun but what's the use? Our airship program fell down flat. We've bailed up this and bailed up that and we can lecture through a hat but what's the use? With this in mind we're getting there our curtains flapping in the air we still may wear a brown coat but what's the use? We shook off all our peace time cloth and went abroad and cut a swath we still may talk of soup and bread but what's the use? We made some gorgeous breaks at first, and even blunder seemed the worst and into tears we still may burst but what's the use? There are a million reasons why we ought to wear our hats on high we still may spring a bribe eye to what's the use? Our every thought and every mood should be directed to what's the use. In dollars and cents we may be starved but what's the use?

To Avoid and Relieve Influenza.

BY DR. FRANKLIN DUGANE.
Many people have been frightened by
what they have read or heard of in-
fluenza. The more you fear the dis-
ease the sorer you are to get it. Go
right about your business and forget
it. As the disease is spread primar-
ily by contact, thorough sneezing
coughing or spitting, many health au-
thorities have advised that everyone
wear a gauze which is daily washed
and saturated with a one to five hun-
dred solution of zinc sulphate in water,
and then dried before wearing over
the nose and mouth. You should avoid
crowds, common drinking cups and
public towels. Keep your strength up
by taking lots of exercise in the open
air and plenty of nourishing food.
If you have any of such symptoms
as chilliness, nasal obstruction,
flushed face, headache, fever, shyness,
restlessness, weakness, or irritating
cough, give up work at once and go to
bed. This will save your strength to
help overcome the disease. Put your
feet in hot water for fifteen minutes.
Thoroughly loosen the bowels with
some such mild and non-irritating
purgative as Dr. Pierce's Pleasant Pel-
lets. Drink principally of hot lemon-
ade and then cover up with plenty
of clothes in bed so as to get a good
sweat. When awaiting is free and
the fever reduced take a dose of two
Annie Tablets every four hours, fol-
lowed by drinking at least a glass of
two of hot water. Annie Tablets
help quickly to relieve the soreness
of the muscles and bones from which
most patients complain and help the
kidneys flush out the poisons.
To relieve nasal obstruction and
excessive discharge from the nose,
probably nothing is better than such a
mild, soothing, antiseptic wash as
Dr. Sage's Catarrh Remedy. It will
give great relief. Employed as a gar-
gle, in some strength as made up for
use in the nose, and as hot as can be
borne, it quickly arrests soreness and
eases the throat.
Influenza weakens the patient's re-
sistance to disease, so that there is
danger of bronchitis and pneumonia
developing. To combat this tendency
and fortify the patient's strength in-
sist that he keep in bed at least two
days, probably nothing will at this
stage hasten the recovery and
strengthen the patient more than an
iron-tonic tablet called "Iron-Tonic"
of that well known herbal tonic, Dr.
Rue's Golden Medical Discovery,
which has been used by thousands in
the past two generations.—Adv.

Card of Thanks.
Mr. and Mrs. John Stillwagon de-
sire to thank their many friends for
the kind attention shown them during
the illness and death of their son,
James E. Stillwagon. They wish es-
pecially to thank their friends who
so kindly sent flowers as tokens of
sympathy.—Adv.

A Rare Exception.
There are exceptions to all rules.
This fellow who says he knows what
he's talking about isn't always mis-
taken.—Claude Callan in the Fort
with Star-Telegram.

"OUT OF DANGER"

Then to get back health and strength, is the next thing for Doctor and patient after grippe, influenza or other wasting diseases.

A good tonic is needed and the Medical Profession is a unit in endorsing Iron, Nux Vomica, Gentian, Capsicum and Zinc Phosphide for this purpose. Many preparations containing Iron, however, are very constipating, but this is overcome in Dr. Chase's Blood and Nerve Tablets by the addition of Aloin.

These tablets contain all of the above important tonics in easily assimilative form and have no harmful or unpleasant after effects.

These tablets are safe, sure health builders and their use is strongly advised just at this time.

Weigh yourself before taking them and note how quickly they commence to do good.

Nearly every druggist sells Chase's Blood and Nerve Tablets at sixty cents a box. Special strength, ninety cents.—Adv.

SUFFERS SERIOUS BREAK DOWN

Two years ago I spent 3 months in hospital under stomach and bowel specialists for mucous colitis, auto intoxication, etc., which caused awful bloating and colic attacks. My friends gave me up. I returned home and on the advice of Mrs. Wright, a friend, tried Mayr's Wonderful Remedy with wonderful results. Am now in best of health. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. A. Clarke and druggists everywhere.—Adv.

PROF. STUART FINDS RELIEF FROM CATARRH

Well-Known Instructor in Mathematics in Erie High School Finds Relief.

Prof. R. R. Stuart, teacher of mathematics in the Erie High School, who resides at 151 E. Sixth Avenue, Erie, Pa., made the following conservative but interesting statement regarding the benefits he received from Tanlac, the celebrated new combination, tonic, appetizer and invigorant that is now being so widely discussed and distributed in this city and vicinity.

"I have suffered intensely from both bronchial and nasal catarrh. I also had a severe case of indigestion which caused me equally as much annoyance and inconvenience.

"My symptoms were pains in my abdomen, a distressed feeling after eating, susceptibility to cold, inflamed bronchial tubes and nasal passages, discharges of catarrh mucus, and an offensive breath.

"On November 23, my attention was attracted to the Tanlac advertisement in the Erie newspaper. I concluded to test the new medicine.

"Within three days' time, after beginning the use of Tanlac, I noticed a marked improvement in my condition. The inflammation has disappeared from my bronchial tubes and nasal passages, my digestion is almost perfect, and I am generally better.

"I recently fell and broke my arm. I lost much strength as a result of this accident. Tanlac has been a great aid in recovering that lost strength." Tanlac is now sold in Connelville exclusively by the Connelville Drug Co., Beighley's Pharmacy, and F. H. Harmering, where the premier preparation can be had.—Adv.

ROBY. DUNN IN HOSPITAL

Local Soldier, Member of 319th, Collapses from Exhaustion.

A letter received from Sergeant Robert Dunn of Company I, 319th Regiment, says in part:

"It has been a long time between letters this time and I am feeling so utterly miserable right now that even this will be a short one. Our division went into action the day after my last letter was written (September 22) and has been at the front ever since. After two weeks of steady fighting I collapsed from exhaustion, due principally to overwork. The sergeant major lasted only the first three days and after that for the rest of the two weeks I did his work at the front during the day and my own at night. At the end of that time the battalion sur-

Acid-Stomach Victims Sickly, Weak, Unfit, Depressed

Maybe you have an acid-stomach—and don't know it! There are millions of such people—weak, illing, tired, worn out and "all in" before the day is half over—because of indigestion and its attendant troubles. Often with acid and pains all over the body—woefully lacking in physical power and mental vigor—pale, emaciated—just dragging out a weary existence. Nine out of every ten of these people are unconscious victims of acid-stomach.

Thousands upon thousands of people who are subject to attacks of indigestion and biliousness, who are nervous, malcontent, usually depressed, who suffer from rheumatism, lumbago or sciatica. Yes, even many of those who have cancer, ulcer or cancer of the stomach. If the trouble is traced to its source, it will often be found to be just acid-stomach. For these are only some of the ailments that are caused by what the doctors call acidity, which is another name for sour or acid-stomach.

What you want to know above all else is how to quickly rid yourself of excess acid. A wonderful modern remedy called EATONIC literally wipes it out. It does the work easily, speedily and naturally. It makes the stomach pure, sweet, cool and comfortable. It helps you get full strength out of every mouthful of food you eat and makes you feel full strength from your food you cannot enjoy robust, vigorous health.

You eat to LIVE. Your life depends on the strength you get from your food. There is no other way. EATONIC is a pleasant-tasting tablet form—just like a bit of candy. We urge you—no matter what you have tried—take EATONIC for one week, and find out for yourself how wonderfully improved you will feel. See how quickly EATONIC has rid you of the immediate effects of acid-stomach—bloat, heartburn, belching, food-repelling, sour, gassy stomach, indigestion, etc. See too, how quickly your general health improved—how much more you enjoy your food—how much more easily it digested—how soundly you sleep—how nervousness and irritability disappear. And all simply because by taking EATONIC you have rid your stomach of a lot of excess acid that has been holding you back and making your life miserable.

EATONIC is absolutely harmless. It can be taken by the most delicate. Tens of thousands of people who have used it are enthusiastic in its praise.

This wonderful modern remedy is absolutely guaranteed to rid you of acid in giving it a trial. Obtain—today—a big bottle of EATONIC on a money-back guarantee. If you are not pleased in every way, you get your money back. You know your doctor—and you can safely trust him to make this guarantee good.

WADDOO URGES REVISION OF REVENUE BILL

Six Billion Dollars Are Needed
For 1919 Treasury
Head Says.

OUTLINES HIS PROGRAM

Favors Continuation of Loans to the
Allied Nations to Enable Them to
Purchase Foodstuffs, Raw Materials
and Needed Manufactured Products.

By Associated Press.
WASHINGTON, Nov. 14.—Revision of the pending revenue bill with a view to yielding \$6,000,000,000, payable during the calendar year 1919, and not less than \$4,000,000,000 the following year, was recommended by Secretary McAdoo in a letter to Chairman Simmons of the Senate finance committee, setting forth the treasury's financial program of the reconstruction period.

The secretary estimated that expenditures during the fiscal year ending next June 30, now would be \$18,000,000,000, instead of the \$24,000,000,000 estimated before there were prospects of peace. He declared for continuation of the policy of loaning to the Allies for a limited time during reconstruction after peace, to enable them to purchase foodstuffs, raw materials and manufactured products in this country.

Other recommendations were:

That income and profits taxes be payable in four equal quarterly installments of March 15, June 15, September 15 and December 15.

That excess profits tax rates for payments due next year be no higher than those in the existing law.

That war and excess profits taxes be eliminated entirely for payments due in 1920, except with respect to profits on contracts negotiated during the war period.

That corporation and individual income tax rates be increased on incomes of 1919 payable in 1920.

That the basis for next year's taxes payable in 1920 be determined now.

OCTOBER PRODUCTION OF PIG IRON SHOWED GAIN OF 68,000 TONS

Total of 3,481,316 Tons Was Exceeded
Only by the High Record of the
Same Month in 1916.

Coke and anthracite pig iron production fell off slightly in October, says the Cleveland Daily Iron Trade. The total output, owing to the extra working day, exceeded that of September and with one exception was the largest ever recorded in any month. Labor shortage from influenza kept down production at both coke ovens and blast furnaces.

The blast furnaces produced a total of 3,481,316 tons of pig iron in

Don't Poison Baby.

Forty years ago almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrup," etc. You should not permit any medicine to be given to your children without your or your physician's knowledge of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*

ARRESTED FOR SHOOTING

Negro Is Picked Up By Patrolman
Turner; Held for County.

Addis Payne, colored, was arrested last evening about 6:30 o'clock in South Water street by Patrolman Turner and Heitzel. He is suspected of being the man who shot Harry Payne, a negro trusty at the county jail, during a fight at Oliver yesterday afternoon.

The local police were notified to be on the lookout for a negro with five gold teeth, and Turner picked Payne up when he flashed his glittering molars. He is being held here for County Detective John Smith.

INFLUENZA, SORE THROAT, COLDS, PNEUMONIA

Yield Quickly to Antiseptic Oil
Treatment.

Many are finding relief from influenza, colds, sore throat, and perhaps pneumonia, it is said, by the use of Miller's Antiseptic Oil (known as Snake Oil). Its great penetrating, pain relieving qualities insure almost instant relief from prompt relief. The oil penetrates through to the affected parts and tends to open up the air passages, making breathing more easy, relieving the pains, and for the cough a few drops on a little water usually brings prompt relief. Don't fail to have a bottle on hand when the attack comes on, and if used according to directions, results are secured or your money refunded, 50c, 60c and \$1.00 at Connelville Drug Co.—Adv.

DEATH CLAIMS GRANDMOTHER JANE ALLSHOUSE

In 36 Years Aged Grapeville Woman
Had Made Nearly 100 Quilts and
Hundreds of Cushions.

In the death of Mrs. Jane A. Allshouse at Grapeville on November 1 at the age of 92 years, the community in which she lived lost a remarkable woman. For 36 years Mrs. Allshouse had made her home with her daughter, Mrs. H. D. Klingensmith, at Grapeville. During these three decades Mrs. Allshouse had devoted much of her time to making quilts and cushions. She had completed between 75 and 100 quilts and hundreds of cushions which she gave to neighbors and relatives, taking great delight in both the work and the giving. Mrs. Allshouse was a great reader of the Bible and Bible stories and found unlimited pleasure in relating the latter.

Mrs. Allshouse was born near Adamsburg, Westmoreland county, on August 14, 1826. With the exception of a few years in her early childhood in Jefferson county she spent her entire life in Westmoreland county. Her maiden name was Macbeth. She was twice married. The first husband was Jacob Steiner. To this union were born two daughters and a son. To the second union, with Francis Allshouse, were born two daughters and a son, all living. Of the five survivors the eldest is Mrs. Elizabeth Dorland of Greensburg, 70 years. The son, Daniel Allshouse, lives at Greensburg.

Grandmother Allshouse, as she was familiarly known, was a member of Holy Trinity Lutheran church of Jeannette, but had been unable to attend services for several years. She was known and loved by all the children of the community. After her death many of them came for a last look at her face. The funeral was held November 5.

COLD IN THE HEAD AND CATARRH CURED OVERNIGHT

FORNOLA, Best for Catarrh, Anemia and Bronchitis.

Cure coughs, colds and bronchitis troubles overnight. You simply allow a small quantity to dissolve slowly in your mouth. In a few minutes a gentle flow will fall and all that hard, choking, clogging matter will be easily coughed up and expelled. A short but steady treatment for a week or 10 days will rid you of catarrh forever.

Mothers, when children suffer from colds, croup, coughs and colds, hoarseness, etc., you are strongly advised to have a small jar on hand for emergencies. It will save them many a sleepless night.

FORNOLA never fails. Money back if it is not all that we claim, so be sure and try it at our expense. Your druggist can supply you.—Adv.

After War Is Over—Scheme
Has Been Tried.

When this cruel war is over, perhaps the major league clubs—and some of the minors, too, for that matter—will adopt the scheme of some of these ball teams of military aviators and make their trips in airplanes. Several instances are recorded of aviators setting out to play a ball game with some other service team making the trip through the air.

Best for Backache, Rheumatism, Lumbago

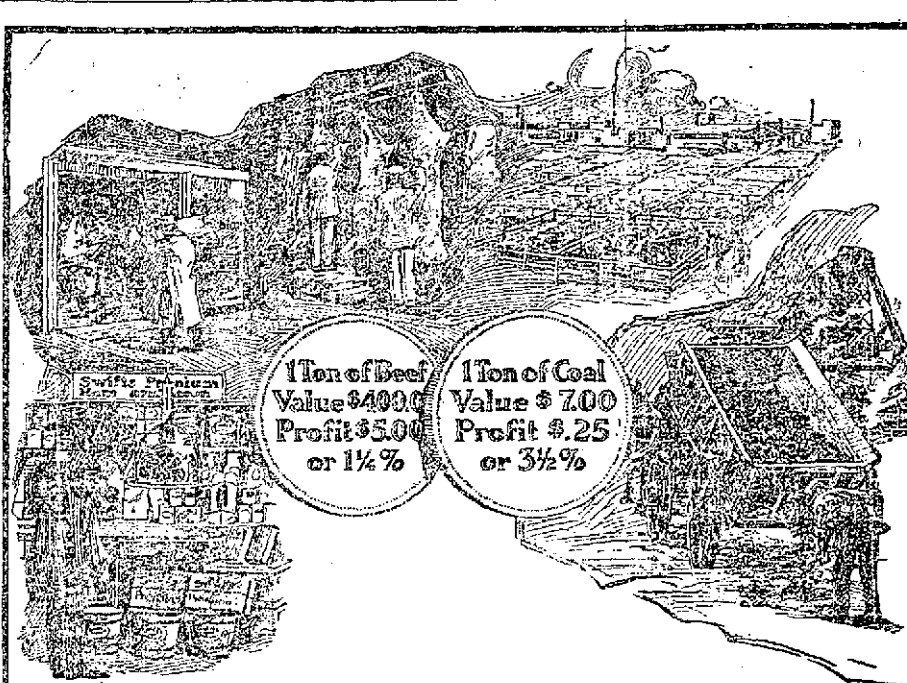

Wonderful 20th Century Liniment Can
Now Be Obtained at Connelville
Drug Co. Store. Is Guaranteed.

The shooting, tearing pains of Neuralgia, Sciatica and Lumbago are speedily relieved by 20th Century Liniment. Headache, Toothache and Earache simply flow. Heavy colds and sore throats that threaten pneumonia and tonsillitis may be cured in a single night—and not only is 20th Century Liniment the relief needed in such cases as this but in practically any painful condition.

There's nothing injurious in 20th Century Liniment. It contains such well known remedies as Camphor, Menthol, Iodine, (in non-colorable form) and many other ingredients prescribed by the highest medical authorities in the land, things that bring soothing relief and real joy to sore and aching muscles.

Step into the nearest drug store or stop on your way home at Connelville Drug Co. and get a bottle. If results are what you want make an effort to get it.—Adv.

"Flu" Gains at Rockwood.
The influenza epidemic at Rockwood has again reached such proportions that the board of health and school board there have again closed the schools.

Why Compare Beef and Coal Profits?

Swift & Company has frequently stated that its profit on beef averages only one-fourth of a cent a pound, and hence has practically no effect on the price.

Comparison has been made by the Federal Trade Commission of this profit with the profit on coal, and it has pointed out that anthracite coal operators are content with a profit of 25 cents a ton, whereas the beef profit of one-fourth of a cent a pound means a profit of \$5.00 a ton.

The comparison does not point out that anthracite coal at the seaboard is worth at wholesale about \$7.00 a ton, whereas a ton of beef of fair quality is worth about \$400.00 wholesale.

To carry the comparison further, the 25 cent profit on coal is 3 1/2 per cent of the \$7.00 value.

The \$5.00 profit on beef is only 1 1/4 per cent of the \$400.00 value.

The profit has little effect on price in either case, but has less effect on the price of beef than on the price of coal.

Coal may be stored in the open air indefinitely; beef must be kept in expensive coolers because it is highly perishable and must be refrigerated.

Coal is handled by the carload or ton; beef is delivered to retailers by the pound or hundred weight.

Methods of handling are vastly different. Coal is handled in open cars; beef must be shipped in refrigerator cars at an even temperature.

Fairness to the public, fairness to Swift & Company, fairness to the packing industry, demands that these indisputable facts be considered. It is impossible to disprove Swift & Company's statement, that its profits on beef are so small as to have practically no effect on prices.

"THE PRICE OF A GOOD TIME."—A human story well told. Mildred Harris, the charming screen star, in one of the best roles of her screen career, is being shown today and will be repeated tomorrow. The story deals with the struggle of a young girl, employed in a metropolitan department store to resist the temptations which beset her on every side. She loves good clothes and wants to have a good time. "She finally gives in and sells herself to a young spendthrift, who gives her all that she desires in the way of clothes, money and jewels, but she discovers too late that love formed the essential part of her scheme of life and comes to an untimely end in an automobile crash. Lois Weber's direction of the delicate situations involved in the appealing acting of Mildred Harris as the "little drab shop girl," having received considerable attention by the press of the nation. As selected comedy is also being shown. Viola Dana will be featured on Monday in "Flower of the Fens," a Metro production of unusual excellence.

THE SOISSON

"THE GLORIOUS ADVENTURE."—A Goldwyn production, featuring the fascinating Mae Marsh, and a select comedy are today's feature attractions. "The Glorious Adventure," Goldwyn's star unique individuality is seen to a great advantage. Miss Marsh has never been so fortunate in her choice of character as in this photoplay. She is precisely the sort of girl who depicts with surpassing skill. As Carey Wetherbee, the girl who sought romance on the open road, she is all Mae Marsh, all the girl who plays on one's heartstrings like the wind in the willows. Carey Wetherbee is a quaint girl and she lives in a quaint way. Apart from the turmoil of modern life she spends her days in the ancestral home, glorious before the war, but now only a crumbling ruin. Ignorant of life and all that it holds, Carey subsists on dreams and illusions. When finally she is free to follow her own whims the girl starts out to overtake the glorious adventure she fondly believes is waiting for her up the road of romance. The picture is replete with surprises. One of them shows Carey defying all conventions in visiting and trying to make her home with a strange bachelor, who is at first hostile, then gently tolerant of her odd point of view. The attraction will be repeated tomorrow.

THE ORPHEUM

"THE DANGER MARK."—An in-

herited taste for intoxicants is a handicap that ought to terrify a strong man but when the victim is a beautiful, wealthy, cultured young woman, it attains to the proportions of a tragedy, unless she succeeds in mastering her passion in time. This is the situation presented in "The Danger Mark," picturization of Robert W. Chambers' famous novel, starring Elsie Ferguson. Monday and Tuesday Mary Pickford appears in "Johanna Ballista."

A PITTSBURG LADY WAS RUN-DOWN DUE TO A BAD STOMACH

Mrs. A. Vogel, of 106 Holzer Street, Gives Credit to Ten-Herbs for Restoring Her Health.

"An attack of indigestion or dyspepsia are in themselves the simplest ailments imaginable," said the Ten-Herbs Man, "but if the truth were known they would be found to be even more dangerous than some of the most terrible fevers. They may be trifling, but they are a never-failing sign that the stomach is not performing its proper functions."

"When the stomach is not properly digesting the food, there is no limit to the way affections can spread to every organ of the body, producing intestinal poisoning, rheumatism, liver and kidney trouble, and many other distressing ailments."

"Ten-Herbs, the famous herbal stomach remedy, is invaluable in aiding such cases. It acts almost like a miracle, purifies the blood, causes the food to digest perfectly, and puts the entire system in a strong, healthy condition, and we are daily in receipt of signed statements from well known local people verifying this contention."

"Only the other day Mrs. A. Vogel, a popular Pittsburgh lady, residing at No. 106 Holzer Street, gave the following:

"I have had trouble with my stomach for the past three years, was bloated with gas, could not digest my food, had headaches and was so nervous I could not sleep; my back pained me terribly, and I got in a badly run-down condition. I would have awful distress after eating any food. Since I have taken Ten-Herbs I am feeling fine, sleep well and am able to eat my meals and digest them. I feel stronger and better in every way."

Ten-Herbs is sold in Connellsville at the Connellsville Drug Co.'s Store.

COAL TO HAWAII.
Costs the Consumer There About \$30 Per Ton.
A recent shipment of a small tonnage of smelting coal to Hawaii shows how expensive some commodities are in war times. This fuel originated in Pennsylvania, the mine cost being \$1.65 a ton. The freight to San Francisco was \$15.10, plus 16 cents war tax a ton.
At that port there was a sackling charge of about \$1 a ton, making the cost about \$24.23 a ton on board ship, to which must be added the ocean freight, so that when the Sandwich Islander got his smelting coal the bill will be close to \$30 a ton.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. J. O. Survival of Old Memory.
The illness of divine warning, of divine vengeance, and of a recreation of at least the face of the earth, in connection with a universal destruction by water, recur so often and in such widely separate parts of the world, that many have thought the only explanation must lie in the survival of a common memory of primal mankind, based upon a tragedy which overtook the human race when it was still united and confined to some limited locality.—Garrett P. DON'T FUSS WITH MUSTARD PLASTERS!
Mustard Works Faster, Quicker and Without the Blister

Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbite, colds of the chest (it often prevents pneumonia).

30c and 50c jars; hospital size \$2.50.

MUSTEROLE

Even chronic cases of 20 to 30 years' piles, causes them to heal and disappear, with profuse bleeding, pain forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, at most even in cases that profuse bleedings have haunted all known treatments and operations, really wonderful results have been accomplished.

The author of this amazing discovery desires all of you to know that he does not want a cent of anyone's money unless Miss Pile Remedy, internal remedy applied or inserted into the rectum cannot cure piles and as cause and he has obtained druggists the best only give temporary relief, all over the country to guarantee it. It is also true of surgical operations, which simply remove them after four months, but in no case acts on the source of the trouble.

This prescription, although, taken in sense of the word, although the compound is not digested in the stomach, but is rapidly passed on unchanged to the intestines in a short time, reaching the exact place where by its soothing, healing action, it dissolves all inflammation. For all the direct contact with all piles and

RED CROSS WAR WORK MUST GO ON WITHOUT A HALT

Urgent Call Comes from Division Headquarters to the County Chapter.

MUST NOT FALL DOWN

Great Organization Has Come Fully Up to Requirements During the War But the Dawn of Peace Has Not Eliminated Necessity for Supplies.

Though the war has ended all Red Cross production activities must be continued says a statement to the Fayette county chapter by Charles Scott, Jr., division manager. The statement follows:

"A telegram just received from National Headquarters directs me to advise chapters that all production activities must be continued with the single exception of production of surgical dressings, work on which should be immediately stopped. This does not apply to those chapters working on the United States Army dressings, which include from line parcels numbers two and three, pneumonia jackets and weight bags. These Army dressings should be completed without delay. You are instructed to hold until further notice all unfinished supplies of surgical dressings except Army orders. There are in our storehouses in France and the United States ample supplies of surgical dressings to meet any contingency which may arise.

"The calls from our commissions in many parts of the world have shown the unlimited need for civilian relief. You are, therefore, instructed and urged to finish at once all uncompleted orders for refugee garments so as to be prepared to take care of additional orders. These orders for refugee garments are all in the nature of an emergency and production should be stimulated to the utmost. The need for civilian relief in the devastated sections of Europe is pressing and with the near approach of winter one garment now will be of infinitely greater service in saving life than many garments three or four months later.

"We appreciate that to increase this production of refugee garments will necessitate the diversion of surgical dressings workers to this different field of activity, but we feel sure that if this need for refugee garments is made known to your workers, there will be no difficulty whatever in enlisting their sympathetic and active support.

"Red Cross workers have never failed to meet any emergency and the mere fact that the opportunity to make surgical dressings is now taken from them will not, it is felt, in any way detract from their deep, unselfish interest in the work to which the Red Cross is committed.

"We will keep you fully informed as to the necessities which may arise from the changed conditions abroad and are convinced that we can count up on the active cooperation of all chapters to see that the record made by the Pennsylvania-Delaware Division in the production of surgical dressings, both as to quantity and quality, will be maintained in the manufacture of any other articles which this division may be called upon to produce.

"Will you please make a thorough canvass of your workers and advise me of your ability to handle increased orders for refugee garments, bearing in mind that this production should be based not upon what you have done in the past, but upon what it will be possible for you to do in the future, with the earnest and united support of not only those who have so splendidly shown the true Red Cross spirit by their work in surgical dressings."

In order to fully comply with the instructions concerning surgical dressings, and to complete the work now on hand, it will be necessary for the local workers to continue to report at the work rooms as usual. Material for this month's allotment of dressings was cut earlier in the month and before the hostilities came to an end, hence the making up must be completed otherwise there will be a large waste.

Secret of True Industry.
How profitable is it for every one of us to be reminded, as we are reminded when we make ourselves aware of the derivation of diligence from "diligence" to love, that the only secret of true industry is love of that work.—R. C. French.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Connellsville (True Store Not to Take a Cent of Anybody's Money Unless Alleviated Completely of All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to move.
He finally decided, after years of ceaseless study, that no one can be freed from rheumatism until the accumulated impurities, commonly called uric acid deposits were dissolved in the joints and muscles and expelled from the body.
With this idea in mind he conducted experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.
He freely gave his discovery to others who took it with what might be called marvelous success. After years of urging he decided to let suffering every one know about his discovery through the newspapers. Connellsville Drug Co. can supply you.

WOULD MAKE GERMANS TILL FARMS OF FRANCE, FILLED WITH UNEXPLODED SHELLS

By Associated Press.
BEHIND THE AMERICAN LINES, Nov. 14.—Recommendation that the American military authorities in France should, after the war, take charge of reestablishing the devastated regions of France and that German prisoners should be made to repair the damages they did in France, will be made by the American Agricultural Commission now here.
"We are going to report to the secretary of war and the secretary of agriculture," said W. O. Thompson, president of Ohio State University, and chairman of the commission, "that the work of rehabilitating the devastated

territory is an army problem and that the military authorities should deal with it.
"The problem of filling the land which has been the scene of the battles is a very serious one for it is filled with unexploded shells. The fruit trees have been completely eradicated by ruthless felling. You can charge indemnities but you cannot get land ready to plough without danger.
"The Germans should take the risk as part of the price to be paid for their war reparations. From the economic point of view, if we allow German prisoners to return home to rework the devastated land, this French
